## WELCOME

Thank you for joining us for the 7th Annual [Helderberg to Hudson Half Marathon](#)! Over 2,000 registrants will be toeing the line, coming from nearly every county in NY and 25+ states. The point-to-point course descends nearly 500' from New Scotland Town (Wallace) Park to Albany's Jennings Landing on the Hudson River. Over the first 2 miles, participants will spread out on the roads of Voorheesville. They then reach the paved Albany County Helderberg-Hudson Rail Trail, and enjoy its gradual descent over the next 9 miles. The final two miles head north close to the river, on the Albany South End Connector path, sending the runners past the historic *USS Slater* destroyer ship. The final 800 meters truly are a treat, with the race's unique horseshoe ending, running under the Broadway walking bridge before looping back for an epic finish on the Hudson River.

## SPECTATOR TIPS | [2024 Race Video](#)

Whether watching people run is your favorite activity or this event is your first time and you're wondering what all the fuss is about, here are some tips to maximize both your experience - and that of the runners.

### DO

1. Plan your spectating locations in advance. As in, *before* race day. Make sure your vehicle is fueled.
2. Communicate with those you want to spectate. Make sure they know you'll be out there and where to look for you. Know their approximate ETAs at each place you'll be. (Use the [live tracking](#).)
3. Make a sign. The more creative and outrageous, the better.
4. Make some noise. Cowbells are welcome. A little ringing goes a long way to uplifting a runner's spirit.
5. Bring food and drink with you. Spectating is hard work and you'll want to be well nourished and hydrated. → [Food Trucks](#) (click that link for details) will be at the Finish Festival for you to purchase food.
6. Prepare for all types of weather. It can be chilly as race day kicks off but warm up *a lot*. [Know the forecast](#).
7. Have extra supplies (food/liquid/clothing) for *them*. Vaseline can be a lifesaver for the chafing-inclined.
8. Be respectful of other spectators. We're all there for the same reason—to provide a positive, uplifting, and fun moment with the ones we care most about.
9. Be Alert. Pay attention to those around you.
10. Have fun!

### DON'T

1. Impede the flow of the race. Please stay **off** the course. We repeat: do **not** enter the course.
2. Litter. If you need to get rid of something, please use a garbage can or place it in your vehicle.
3. Be greedy. About space or access. We're all trying to get that perfect photo or high-five.
4. Take anything that is for the participants. The water stop supplies and food are for them, not you.
5. Sweat it! Spectating is fun! Wear a smile, clap those hands, and enjoy the experience.

Find yourself a parking spot at the Riverfront Garage (\$6) and walk the bridge across I-787 to see the thrilling finish on the Hudson! With just over a quarter mile to go, the race goes *under* that bridge, as they charge for home! Have your cowbells out and line the course to give them that extra oomph.
